

Weddings

at Twycross Zoo

In the heart of your special day

Set in the heart of the Midlands, Twycross Zoo offers a truly memorable alternative to the more traditional wedding venue. With over 100 acres of wildlife and more than 400 animals from around the world, the zoo is a unique backdrop to your wedding day celebrations.

If you're looking for a relaxed day with an unforgettable and fun experience, having a wedding at Twycross Zoo is for you

Weddings are welcomed at the zoo throughout the year (except for Christmas Day) so whatever the season, be assured that the zoo can complement your wedding style. Whether you draw inspiration from the continents and animals of the world – from the Indonesian island of Sumatra, where the Sumatran tigers are native, or the forests in the Democratic Republic of Congo where bonobos can be found – or choose to keep a more natural and rustic theme, we encourage you to have the day that wedding daydreams are made of!

Our experienced team are passionate about creating weddings that reflect you

Our approach is friendly and personal, and we delight in sharing our knowledge and expertise so that your wedding planning is as easy and enjoyable as the day itself. Our talented Chefs create delicious menus using the best quality sustainable ingredients from our carefully selected suppliers to ensure that we are "all doing the right thing" for you, the animal kingdom and our planet.

We welcome you and your guests to explore the zoo as part of your wedding package

Inspire your guests after the ceremony and share your passion for the natural world with family and friends on your special day. There is also opportunities for you as the wedding couple to book one of our animal encounters, from feeding the giraffe, parading with the penguins or mimicking the meerkats; all unique experiences and great photo opportunities!

Recognised globally as the 'World Primate Centre', Twycross Zoo is home to one of the largest primate collections in Europe and the only zoo in the UK, and one of only four worldwide, where visitors can see all four great apes – gorilla, orang utan, chimpanzee and bonobo.

Our stunning Windows on the Wild room, overlooking a natural area of the zoo, is fully licensed for ceremonies up to 90 guests and can seat between 50 and 100 guests for your wedding breakfast. With its own private entrance, you will be welcomed by our team who are passionate about making your day the best it can be. It's a room with a difference with a wall of full-size windows on one side giving you a feeling of bringing the outside in.

To further immerse yourselves in the zoo and have yet another unforgettable experience, there is opportunity to host your drinks reception within the Gibbon Forest, a natural forest environment where you and your guests will be able to celebrate your day whilst the gibbons celebrate alongside you.

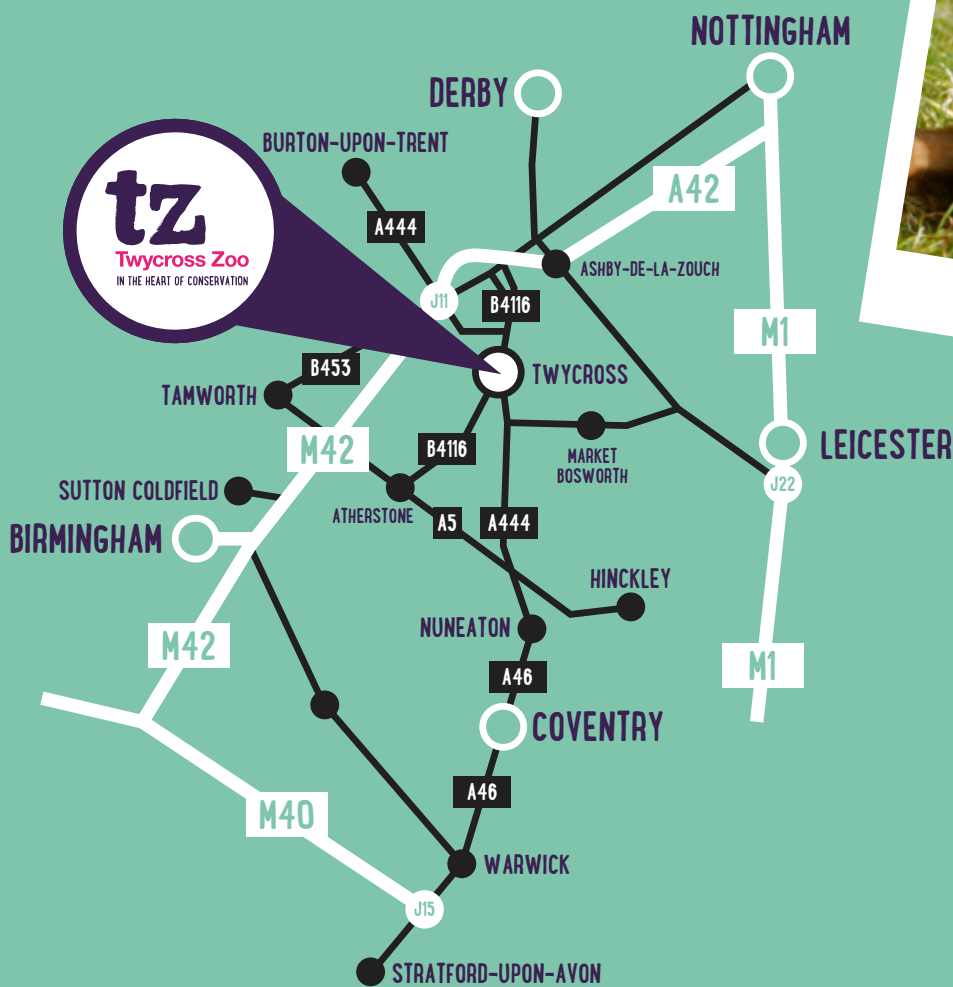

For your evening reception, the Himalaya centre, with stunning views over the snow leopard enclosure, is perfect for celebrations ranging from 80 – 150 guests. The large open plan space means there is opportunity for a good size dancefloor, DJ and lots of other fun entertainment and theming. For more smaller weddings, the Window on the Wild room, is ideal for evening parties too.

By choosing Twycross Zoo for your wedding, not only will you have a wonderful wedding day filled with so many memories, but you will be contributing to keeping Twycross Zoo at the heart of conservation.

A percentage of profit from every wedding is given back to the zoo to enable it to continue its mission of supporting conservation, education and research of some of the most endangered species on the planet.
